November

15<sup>th</sup> - No School – Professional Development Day

25<sup>th</sup> - Thanksgiving Celebration

27<sup>th</sup> – 29<sup>th</sup> No School – Thanksgiving Break

## This Month's Focus

This month the class will be talking about all the things we are thankful for and how we can show others we care about them. We will be making cards for the local fire and police department. Each child will also be making a book about what they are thankful for and making something special for our families.

We have already started talking about orange and the different shades it has, the numbers two and three, and the square shape.

Below are some of the activities the children will be doing this month!

### **Math:**

Students will be measuring the ingredients to make pumpkin pie for snack. We will also talk about the difference between our solid and liquid ingredients. We will also be doing a lot of graphing and continue discussing the words, more, less and equal.

### **Science:**

We ran out of time doing with other fun projects and didn't get to making the volcano jack - o -lanterns or pumpkin catapults. We will do it this month along with dancing popcorn!

### **Literacy & Writing:**

We started talking about rhyming words last month and will continue this month. We are also going to dive into Heggerty the phonemic awareness program used in Dk and Kindergarten at Oakwood.

The books we will be reading are this month are:

Bear Says Thanks

There Was An Old Lady Who Swallowed A Turkey

Llama Llama Gives Thanks
