

The Little Raiders News

September 2019

Thank you!

We cannot thank all of you enough for all of the supplies and wish list items! We are so blessed and appreciate all of our families!

Happy Birthday

17th - Benson F.

September

20th - 1/2 Day of School

TBA- Portland Party Store Visit

This Month's Focus

This month the class will be learning all about ourselves, each other and our families! We will discuss how we are like and ways we are different! We will also explore our 5 senses.

We will start using the Wonders program which is used in our upper elementary classes. We are excited to be a part of it and giving our preschoolers a peek into this great program. Aa, Ss and Pp are the letters we will start with.

We have already started talking about red and the different shades it has, the number zero and the circle shape.

Below are some of the activities the children will be doing this month!

Math:

Students will be measuring their feet and seeing how tall they are. We will be graphing, our hair and eye color. We will be starting our linear calendar and counting the days of the month and number of days in school.

Science:

We will be doing lots of experiments this month using our 5 senses. We will be going on a listing walk, have a taste test and explore different textures with our hands.

Literacy & Writing:

We will start writing our names daily and having them read and answer the question of the day. The children will make a classroom book called Preschoolers, Preschoolers, Who Do You See for our library. They will also write in the 5 senses journal.

Passport Stamp

Each month we will have a in classroom or walking field trip to earn a stamp on their Portland Community Passport book. We are hoping to have Portland Pizza come visit this month and talk to us about how they make donuts!
